AIR FORCE RESEARCH LABORATORY  
ROBINS AIR FORCE BASE GEORGIA 31098

March 30, 2006

MEMORANDUM FOR Mr, Bill Stromdahl  
Solidstrip, Inc./Composite Leasing, Inc.  
P.O. Box 102  
Minocqua, Wisconsin 54548

PROM: AFRL/MLS-OLR  
325 Richard Ray Blvd., Bldg. 165  
Robins AFB, GA 310981639

SUBJECT: APPROVAL OF SOLIDSTRIP, INC./COMPOSITE LEASING INC.,  
ACRYLIC (TYPE V) PLASTIC MEDIA

1. Our office has the responsibility for maintaining the list of qualified products conforming to MIL-P-85891 under a joint Memorandum of Agreement with all federal organizations. First article testing is performed on a biannual basis according to the procedures described in MIL-P-85891. The latest round of testing was completed on 02 January 2006. The authorized PMB media types for MIL-P-85891 in T.O. 1-1-8 will be updated based on the test results that have been submitted to our office.

2. In the interim, this letter is provided to Solidstrip, Inc./Composite Leasing, Inc., to indicate that its Type V media has passed the MIL-P-85891 first article testing (dated 21 Feb 05) and is approved for use until January 2008, if not removed earlier for non-conformance. At that time you will be required to supply our office with a new 3rd party, 1st article test result per the newest version of Mil-P-85891. To remain on this listing, manufacturers must requalify their product every 2 years. Failure to requalify will be sufficient cause for removal from T.O. 1-1-8 and /or the MIL-P-85891 qualified product list (QPL).

A handwritten signature in black ink that reads "Robert D. Reed".

ROBERT D. REED, Major, USAF  
Chief, Air Force Corrosion Prevention and Control Office
